

FOR BUSINESS

# One contractor. *Every* trade on site.

Complete interior fit-outs, installed and adapted on site. We work best with people who already have the vision. We make it real.

NOTICE IN CZECHIA

01

## What we *do*.

Complete interior fit-outs, installed and adapted on site.

You can ask us to install custom-made furniture that needs absolute precision, or a boldly designed reception desk made from Corian.

Every trade in interior fit-out is covered by at least two professionals in our team, so no job depends on a single person.

We work best with people who already have the vision. We make it real.

### WHAT WE DON'T DO

Rough construction work (e.g. masonry, concrete).

02

## Selected *clients*.

|                         |                                                                  |
|-------------------------|------------------------------------------------------------------|
| Nüssli                  | Přemyslovci exhibition stands and display cases, Prague          |
| AMOS Design             | Corian fit-out of the lobby at New Masaryčka, Prague             |
| Gutovka complex, Prague | Furniture restoration and a custom bar, designed and built by us |

## How a job *runs*.

- |   |                                                                    |   |                                                                                                             |
|---|--------------------------------------------------------------------|---|-------------------------------------------------------------------------------------------------------------|
| 1 | <b>Brief</b><br>You share drawings, specs and timeline.            | 5 | <b>Work</b><br>Installation with a team leader as your single contact, finished with professional cleaning. |
| 2 | <b>Calculation</b><br>We price the job and propose a crew.         | 6 | <b>Handover</b><br>Full documentation, protocol and photos.                                                 |
| 3 | <b>Debrief</b><br>We go through the quote and details together.    | 7 | <b>Evaluation</b><br>We review the job together. There's always room to improve.                            |
| 4 | <b>Project planning</b><br>Schedule, logistics, materials on site. |   |                                                                                                             |

04

Our *team*.

30–40

30 professionals in the core team,  
scalable to 40. All 30 are ready to travel  
abroad.

Every team member was handpicked for their craft, not their job title. Most come from carpentry, others from drywall, ceilings or shopfitting, and most of them master several trades, which keeps crews lean and jobs moving.

## IN-HOUSE TRADES

- 01 Custom furniture & joinery installation
- 02 Corian / solid surface installation
- 03 Shopfitting
- 04 Exhibition stands & display cases
- 05 Wall panelling & cladding
- 06 Doors & door frames
- 07 Acoustic panels & ceilings
- 08 Drywall & partitions
- 09 Suspended ceilings
- 10 Furniture restoration

## PARTNER TRADES

- P Flooring
- P Painting and wall finishes
- P Electrical
- P Plumbing

Handled by trusted, certified partners we work with regularly, so you still get one contractor for the whole fit-out.

07

## Where we *work*.

Anywhere in the EU. For special projects we travel beyond it too.

WE HAVE WORKED IN

CZ Czechia

SK Slovakia

PL Poland

HU Hungary

AT Austria

DE Germany

SI Slovenia

IT Italy

FR France

08

## Travel & *accommodation*.

We arrange everything.

Travel and accommodation are included in the project budget, so there are no surprise invoices.

## 09 *Languages*.

Every team working abroad has at least two English speakers, at least one of them fluent. That covers most smaller projects.

For larger projects in German-speaking countries, we provide an on-site translator, billed to the client. Translation into other languages can be arranged on request.

10

## Let's *talk*.

Tomáš Řezníček

CEO

Send us your drawings, specs and timeline, and we'll come back with a calculation and a proposed crew.
